Alpha Sigma Clapper

VOLUME 18 ISSUE 4

APRIL 2017

Dear Sisters,

"There is no life that does not contribute to history."

Take a brief moment to ponder Dorothy West's quote... A novelist and short story writer, West believed that every life has value. It's likely she learned this from her father who was born into slavery but after emancipation worked his way up to become a successful businessman. West herself took advantage of opportunities to write and publish even before her teens. Published in the *Boston Post* at age 14, West un-

derstood the value of constructive criticism to make her writing stronger.

As I reflect on my first year as President of Alpha Sigma, I look back to the many sisters who have been pillars of support. Clearly the contributions of each sister have made Alpha Sigma the strong society it is today. Willing hands plan, organize raffle baskets, arrange for caterers, host meetings, distribute wreaths, and contact speakers so that each of our gatherings is productive and fruitful. I wish to personally thank all of you, sisters, for your contributions in making Alpha Sigma's history a proud one.

Hope to see you May 6.

Karen

MOOC On line classes for DKG members (*DKG Get Connected Mar/Apr. 2017*)

Did you know you can participate in free courses at Harvard, Stanford and MIT among others? These institutions and other prestigious universities in the United States and around the world offer Massive Open Online Courses (MOOCs) for the public. If you would like to refresh your specialization, retrain, or gain new knowledge, you can find courses to meet any need. MOOC courses are currently offered in 13 languages, the vast majority in English (80%), followed by Spanish (8.5%), French (4%), and Chinese (3.5%). The subject breakdown for MOOC courses has been fairly consistent over the last several years. The humanities, computing science, and business administration are the leading subjects, accounting for roughly half of all courses in 2013 and 2014. A typical MOOC course might take place over 4 to 10 weeks, by a student averaging 2 to 6 hours a week. See more online.

Membership Welcome to our newest Alpha Sigma sister, **Dr. Michelle McCollin**, Associate Professor of Special Education, SRU. Sisters, are you looking for worthy new members for Alpha Sigma? You can bring potential members any time. Why don't you bring a key women educator to the May meeting. Don't forget former members who might wish to return. Call them today. Also, please call members who haven't been to a meeting recently.

Bess Ondako has resigned from Alpha Sigma due to the pressures of three active children, a new business, and her teaching responsibilities. She'll be missed. Immediate past-president **Diana Borowski** has volunteered to finish out Bess's 1st Vice President duties. We hope Bess will be able to come back soon. Please think about becoming an officer in 2018, there is plenty of mentoring.

So far, **nine sisters** have committed to attending state in June, and **two new members** are thinking about it. Please contact President Karen soon if you want to join us. It's a great time. The Arts Retreat and NERC were also mentioned with several interested.

Our newest member, **Michelle McCollin** has a wonderful project: www.eyes4africa.com which she founded herself. It "...provides education, coordination of resources and aid by collecting and purchasing new and gently used eyeglasses; conducting free eyeglass clinics and distributing free new and gently used prescription eyeglasses/readers to all who are tested and appropriately fitted within the parameters of the available supplies and resources..." Go on line and read more about it. In the meantime, bring your old glasses to our May meeting. **Michele** will be personally taking them to Nigeria this summer. In the fall **Michelle** will be a Fulbright Scholar, teaching the first semester in Viet Nam.
